

## PRESS RELEASE

### Prime Engineering Hires Project Architect

Atlanta, Georgia, July 13, 2007 – Prime Engineering, Inc. has hired Mr. Art Garolski to fill the position of Project Architect in its Facilities Department. Mr. Garolski is an experienced architect with nearly 30 years of experience on a wide range of project types across multiple industries. He has acted as both Lead Architect and Construction Manager for new construction and renovation of structures including offices, medical facilities, retail facilities, and warehouse/distribution centers. Previous clients include Bed, Bath, & Beyond, Lowe's, Dell, and Home Depot.

---
