

TRANSMONTAIGNE PARTNERS, LP - TERMINAL EXPANSION PROGRAM

MULTIPLE LOCATIONS

Prime Engineering oversaw a nationwide expansion program. Prime provided design services including documenting existing conditions, daylighting buried piping, concept development, detailed project implementation, and ancillary development (e.g., fire protection, security fencing) services for nearly 50 multimodal (rail, truck, pipeline) terminals.

Representative locations include:

- Bainbridge, Georgia: 164,000 bbls; truck
- Collins, Mississippi: 700,000 bbls; marine, rail, truck
- Jacksonville, Florida: 1,350,000 bbls; marine, rail, truck
- Norfolk, Virginia: 150,000 bbls; rail
- Pensacola, Florida: 139,000 bbls; marine, rail
- Port Everglades, Florida: 900,000 bbls; marine, truck
